EDUCATION

Rochester Institute of Technology

May 2029 (Expected)

Bachelor of Science in Computer Science, Minor in Game Design

GPA: 3.7

Dean's List: Fall 2024, Spring 2025, Fall 2025, Spring 2026

RIT Presidential Scholarship, RIT Performing Arts Scholarship

EXPERIENCE

Crayola

May 2026 – August 2026

Information Solutions Intern

Easton, PA (Hybrid)

- Worked alongside senior developers to design, build, and maintain custom, in-house applications that support critical business operations
- Contributed to project documentation and testing, ensuring adherence to coding standards
- Took part in team meetings to review requirements, timelines, and deliverables.

Crayola

May 2025 – August 2025

Pick and Pack Manufacturing Intern

Easton, PA

- Sorted products to be packed and performed quality checks before storage or shipment
- Actively communicated with team members in the line of production to ensure efficiency

PROJECTS

Task Management Desktop Application

June 2026 – Present

- Learning how to build and manage a small, local, SQLite database within a desktop application
- Exploring how to build more intuitive, efficient interfaces with HTML, CSS, and JavaScript

QA Inspection Data Utility Web Application

May 2026 – August 2026

- Collaborated with the product owner and business analyst to develop a custom, in-house, web app
- Created an adaptable, mobile first design that would improve the workflow of the product owner
- Managed an application specific, SQL database

Non-Profit Web Application

February 2026 – May 2026

- Designed domain models and architectural diagrams to effectively plan the software design
- Developed a web app with a REST API structure, Spring Security, and a local JSON database
- Learned how to collaborate with a team through an Agile work process

ACTIVITIES

Caring Hearts for RIT Cats

August 2026 – Present

Volunteer based organization helping provide for and manage the population of stray cats around RIT campus

RIT Game Symphony Orchestra: Violinist

August 2024 – Present

Collaborative, large scale group meeting once a week to develop a professional concert of video game music
